Daily.

Disposal Plant Purifies

26.000 Gallons of Sewage

Daily.

How It Is Purified.

The sewage runs through the regu-lar sewer pipes into a large screen where the larger sewage is sifted through a screen. Then it runs down through a finer screen into a large well where capacity is 26,000 gallons. From this it is pupmped up into other screens and running through them is passed through sprayers; there are

posed of each day at the new plant.

Gurbage Claraffied.

In the garbage disposal department wagons drive up laden with all sorts of rubbish. They are weighed and classified into the following: A-vegetable matter, animal matter and bone. B. paper, rubbish cans, boffies, ashes, dust and sweepings; C. manure; D, street sweepings from paved streets, E, dead animals.

These are all dumped into the same

E, dead animals.

These are all dumped into the same furnaces, and it is no unusual sight to see old clothes and empty whisky bottles keeping company. But no dead animals have been received as

The average amount disposed of the average amount disposed of

In the sewage disposal department there is a fan which sucks down the foul air into the garbage furnaces and burns all the rapors, eliminating the danger of spreading disease.

Because the present process of dumping the refuse into the furnaces is too slow, it is to be improved. Instead of the worthless old frame wagons of box making the trips all the way from town to the plant, either two specially constructed street cars or automobile trucks will be purchased.

about 20,000 pounds a day and it is all burned into vapor. Vapors Are Burned.

Loses Fat—Wins Fortune

The Amazing Story of How Marjorie Hamilton, Compelled to Reduce Her Weight or Lose Her Employment, Found a Drugless Treatment for Making Fat Vanish.

Actresses and Society Women Rejoice Over Their New Slender Figures

She Has Built NOT on the Tears of Disappointed Patrons, But on the Smiles and Joy of Those Who Came to Her Not in Vain.

NOT IN VAIN. It is my proudest boas; that the best advertising I get is not what I pay for to the newspapers and the magszines, but the free and unsolicited testimonials given by word of mouth to those wan suffer from fat by those I have reduced to the slimness they desire. That is why I have succeeded where others have falled. I have really relived propile of their burdens of fat, and I have done it without drugs, without tenring the bodies of delicate wamen to pieces with strenuous and trourious exercises, without starrings injurious exercises, without starving

I suppose you know," she continued, That I used to be a calendar model, pusing for photographers. My pictures pleased so well that they were used by one big firm in Chicago on one entire issue of calendars one year, and won me my michanie of The Calendar (1981).

me my nickname of The Calendar (FFE)

The posing brought me big returns, and it was lazy work. The result was, usult one day the photographer had a new model. My last sittings had been a failure—I was too fat. You can imagine how broken-bearted I was My works of a beingagener was variables. means of subsistence was vanishing, and I could see only a life of drudg-cry mead. Then I rushed frantically to the files of a newspaper to look for a int-reducing ad.

"I found it—I found dozens of them. I tried one, I tried ten, they none of them benefitted me. The drug nostrums rained my health and I grew railow and ill. I couldn't east, I couldn't digest what found I forced myself to take. Some fat left me, but it left me hargard and ugly and the pretty lines. largard and ugly, and the pretty lines of mr figure sagged and seemed to lose their symmetry. Then I tried exercises. I was always fond of sports and outdoor games, but the dreary monotony of these exercises grew every day more trying, as I fellowed out the courses faid down by the physical corture experts, until starty same in my torture experts until every bone in my poor little body ached, and I decided even fat was better. I tried starving myself, but the result, while it took pounds off fast enough, left me hol-

pounds off fast chough, left me hol-low-cheeked and dim-eyed, and I felt my vitality slipping away from me. "I was desperate. A story appeared about that time telling of a domestic tragedy. The wife had killed herself because her husband had ceased to love her. Pictures of the unfortunate woman were printed. AND SHE WAS VERY STOLT.

VERY STOLT.

'That was the moving factor in my life. The thought that I, too, some day might fall in love with some man, whose beart would remain closed to me because my ungainly, ugly fat body robbed me of that attractiveness that robbed me of that attractiveness that all men desire in the woman of their hearts, chilied me. I went to work to solve the problem of how to regain my slimness. I can't tell you all that I did—the experiments, the studying, the consultations with eminent externs, physicians, athletes, books on medicine, the theory of body building, and degeneration of the human system. It became a mania with me. I gave up my friends, my amusements, my dirersions, my pursuits, and worked night and day, weighing any watching, ansions. my pursuits, and worked night and day, weighing and watching, ancilyzing and studying and trying to apply to what I learned the good plain morse sense with which nature and my ancestors had endowed me. When at last I saw what I thought was a way out. I decided to experiment on myself. I was my first patron. I think results speak for themselves, and she stood un straight and slender as an stood up straight and slender as any nymph of the woodlands, a picture of incarnate health and beauty, the most glorious young creature I have gazed

Marjoric Hamilton, Crowned with praise by the tens of thousands of those she has restored to happiness and health by her Dingless Trentment for muking fat vanish.

Mer Battle for Success,

'The funds for my first advertising were scraped together at such personal sacrifices of dearly beloved treasures as I never dreamed I should have the courage to make. Then I sat back and waited I had no office, just desk room in some other office, and there I sat all day, watching the door for the caming of the postman. Day after day I waited, and then the answers began coming in, slowly and uncertainly at first, and then a little faster. They all wanted to know about my treatment. I sent particulars broadcast, free and the rush was on, and it has rever ceased. The public, which eventually winnows the chaff from the Utent of every proposition, was with theat of every proposition, was with me. I was able to increase my adverthing appropriation and enlarge my office facilities, and I was soon equipped to take care of the growing tide of inquiries and demands for my treatment. Then the greatest infinence for my success that I know of tame to my assistance. There is between fat people a freemasonry without rites or ceremonial, even as there is between invalids affilicted in the same fushion.

body-racking exercises. When I had said to finished, I read it over, and said to myself: 'If that doesn't convince the most unbelieving. Fil give it up.

Hickory Nut Cake

(Recipe by Mrs. Sara Tyson Rover) Four ounces Cottolene; two cups flour; four egg whites; one and one-half cups sugar; three-quarters cup water; one cup hickory nut kernels; one teaspoon-ful baking powder.

Best Cottolene and sugar to a cream and water and flour, stir until smooth; and water and flour, stir until smooth; and half the well beaten whites; then the nuts; than the remainder of the whites and the baking powder. Pour into square flat pans, lined with greased paper to the depth of three inches and bake in moderate oven forty-five minute

Try this recipe and prove that Cottolene will make just as light and tasty cake as butter, and at considerably less expense for shortening.
